College Internships

Jennie-O Turkey Store participates with various colleges/universities and offers a summer and/or semester internship program. Our internship program provides college students with an opportunity to apply educational experiences to a real world environment related to the career they are pursuing upon graduation. The internship program has provided our company with the opportunity to locate students that are looking for full time employment with our company upon graduation.

Below are the internship opportunities that our company is offering to college students. Qualified candidates will have a graduation date of December 2017 or May 2018 with a minimum 2.7 GPA and have interest in a career with our company upon graduation. For the accounting internship, a minimum of a 3.0 cumulative GPA and a 3.3 Major GPA is required.
